

Amendments to the Specification

Please amend the specification as follows:

At page 5, under the heading "DETAILED DESCRIPTION OF THE INVENTION" and between original paragraphs [0024] and [0025], insert new paragraph [0024.1] as shown in clean form below.

[0024.1] The handle 54 may be provided with an opening 53 (shown in phantom, see Figs. 3 and 4) which is in fluid communication with the cavity 48 such that foodstuff may enter the cavity 48 through the opening 53. In particular, the opening 53 is connected to the cavity 48 via a passageway 53a (also shown in phantom). A similar opening 153 and associated passageway 153a (shown in phantom, see Fig. 6) could be provided in the ribbed handle 154.
